### **About Compumedics**

Compumedics Limited, founded in 1987, is a global leader in the design and manufacture of diagnostic technologies for sleep disorders, neurophysiology and cardiology. In 1987 Compumedics established Asia Pacific's first fully computerised sleep laboratory. Compumedics holds 80% share of the Australian sleep-diagnostic market, and has a major and rapidly growing presence in the US, European and Asian marketplaces for its sleep, neurological and Doppler blood-flow diagnostic monitoring devices. **In 1995** the company was selected to supply equipment to the US Sleep Heart Health Study, the world's largest sleep study of its kind, currently exceeding 14,000 studies with 20,000 patients scheduled by 2008. With headquarters in Melbourne, Australia and offices in the United States, and Europe the products are distributed in over 50 countries. **In 1998** Compumedics was awarded the overall Australian Exporter of the Year. **In 2000** Compumedics was listed on the Australian Stock Exchange. **In 2002**, Compumedics acquired US-based Neuroscan - the world's leading supplier of instruments for brain-research. In the US - the world's largest medical device market - Neuroscan holds around 90% of the market for brain-research products. **In 2003** Compumedics was awarded the Frost & Sullivan Award for Market Expansion Strategy. **In 2004**, Compumedics acquired German-based DWL Elektronische GmbH, enabling Compumedics to expand its global operations into the neurovascular and cardio-vascular diagnostic fields. **In 2006**, Compumedics was awarded the Frost and Sullivan Technology Leadership award for the innovative Somté recorder product. **In 2007**, Compumedics and Chairman were inducted into the Victorian Manufacturing Hall of Fame. **In 2008** the DWL division received the top 100 German Innovation award. With 20,000 systems installed globally across the finest hospital, universities and clinics the Compumedics sales have grown more than 4 fold from \$9 million (1999) to \$38 million (2009). **In 2009** Compumedics was awarded a design award for its Grael® PSG/EEG premium laboratory based product.
