Compumedics Vista

COMPUMEDICS CLIENT UPDATE, ISSUE 29

Welcome to ARAB HEALTH!

Compumedics - 10 years

Come See Us at stand SAC39

at Arab Health!

Welcome to this Special Arab Health 2011 edition of the **Compumedics Vista Magazine**.

For nearly 10 years Compumedics has invested in **Arab Health** and we continue to invest in our presence at this important event in **Dubai, UAE**. This year, our presence at Arab Health will be especially relevant as we continue to strengthen our position in the Middle East, with new partners and exciting products.

Compumedics Home Sleep Testing System Selected for use in U.S. National Institute of Health (NIH)-sponsored multi-ethnic study of atherosclerosis (MESA) Sleep Study.

Compumedics is pleased to announce that its new **Somté® PSG** portable sleep-testing system was chosen as part of major new study to further investigate the link between sleep disorders and cardio-vascular disease in various ethnic and racial populations. **Somté® PSG** was chosen because of its ability to record complex sleep studies in the home environment with acceptable participant burden, according to Dr. Susan Redline, Professor of Medicine at Harvard Medical School and the senior investigator for the Multi-Ethnic Study of Atherosclerosis (MESA) Sleep Study.

COMPUMEDICS PRODUCT PORTFOLIO

Compumedics - 10 years at Arab Health

Sleep Range

Grael® HD - High-Definition EEG/PSG Amplifier for the clinical world.

Safiro® PSG - A perfect solution for ambulatory applications in sleep.

Siesta® PSG - The ultimate in wireless Sleep recording systems.

E-Series™ EEG/PSG - Network ready laboratory and portable Sleep system.

Somté® PSG - unique holer style full PSG system.

Profusion PSG - The next generation world class sleep diagnostics software

Somté® - Unique holer style cardio-respiratory system.

Profusion NeXus - Laboratory management system

Somnea® - Unique holer style sleep screener system.

Somnilink SPAP® - Positive Airway Pressure System. Designed for treatment of Sleep Disordered Breathing in adults.

Clinical Range

Grael® HD - High-Definition PSG/EEG Amplifier for the clinical world.

Neuvo® LTM - The new standard in LTM & epilepsy monitoring.

Siesta® EEG - The ultimate in wireless capabilities in EEG.

Safiro® EEG - A perfect solution for ambulatory applications.

E-Series™ EEG - Network-ready laboratory and portable EEG solution.

Profusion EEG - The next generation world class EEG diagnostics software.

Digital Video - Superior Capabilities with full 720 x 486 resolution at 30 frames per second.

Xegis EMG /EP - Leading the way in Neurophysiology.

Research Range

CURRY Neuroimaging Suite7 - Coming Soon!

CURRY® - Multi-modal neuroimaging software.

MagLink RT™ system for EEG recording in the fMRI environment.

SynAmps RT™ - World's most powerful and advanced amplifier.

SCAN® - Data acquisition software.

STIM™ - Audio visual stimuli presentation software.

Source™ - Offers source localisation capabilities.

Ultrasonic Blood Flow Monitoring Range

Doppler-Box - Digital Doppler device including Doppler M-Mode

EZ-Dop® - Very compact and portable Doppler device for routine diagnostics.

Hemo-Dop® - Doppler device with Doppler guided haemorrhoid arterial ligature technique (DG-HAL)

Multi-Dop® T - Portable Doppler device with upgradeable bilateral monitoring.

Multi-Dop® X - All around Doppler device with emboli detection.

Multi-Dop® Pro - The portable entry-level device in the DWL product line is serially equipped with 1, 2, 4, 8, 16 MHz Doppler frequencies.

Compumedics staff celebrate Diwali

People left to right: Indra Nanayakkara, Davinder Dhillon, Warwick Freeman, Kamy Bhatia, Olena Kanareykina, Anjali Singh, David Burton, Meenakshi Passi, Ramandeep Kaur, Richard Naughton, Linda Karwan, Vishala Bhavsar, Juspreet Kaur, Kamal Patel.

The Indian festival of "Diwali" was celebrated by Compumedics multicultural Production staff in early November.

Diwali is the Indian festival that brings a series of festivals with it. One after another, Diwali followers get a chance to celebrate five ceremonious occasions. People of all age groups and classes celebrate Diwali with equal zeal and enthusiasm throughout India. They put on new clothes and give expression to their happiness by lighting earthen 'diyas' (lamps), decorating their houses, bursting firecrackers and inviting near and dear ones to their households for partaking in a sumptuous feast. The lighting of lamps is a way of paying obeisance to god for attainment of health, wealth, knowledge, peace, valour and fame.

THE COMPUMEDICS DIVISIONS Defining Life's Signals

Compumedics' operations consist of five divisions- each with its own product focus

Compumedics Sleep
Clinical Diagnostic Systems for Sleep Disorders

Compumedics Neuroscan
World-leading Research EEG/ERP systems

Compumedics Neuroscience
for Neurophysiology Clinical Diagnostic Systems

Compumedics Neuromedical supplies
Electrodes, sensors and Sleep laboratories and supplies for Neurology

Compumedics DWL
Ultrasound Doppler Systems
