### Special 61st AAN Edition 2009

# Compumedics VISIO

#### A COMPUMEDICS CLIENT UPDATE, ISSUE 16

### Come and see us at Booth 415 at the American Academy of Neurology, Seattle, Washington, USA

# Get to know INNOVATIONS from Compumedics

Compumedics has been bringing Innovations to the world of Sleep Diagnostics and Neurology for over 22 Years. Compumedics is proud to introduce **ProFusion EEG 4** our latest continuing innovation and significant advance in Clinical and Long Term Monitoring software. In addition we are also excited to announce release of our NEW **Neuvo EEG** amplifier system providing exciting new capabilities to expand your lab. Of course, Neuvo is the perfect complement to ProFusion EEG 4 software. Compumedics was the first with IP addressable amplifiers, and from there we have added wireless amplifiers utilizing WiFi and Bluetooth technologies. We innovate because we realize that a single solution is rarely the best way to meet the needs of every individual lab requirement.

This is also why we develop all of our own software in-house. We continually update and enhance our software as we learn and integrate what our customers need and request. Advanced research, Clinical EEG, Long-term monitoring or home sleep testing, Compumedics and the new **ProFusion EEG 4** software suite has you covered in every instance.

Compumedics completes the total lab with our **ProFusion NeXus LMS** with optimized solutions for lab management, scheduling, HIPPA compliance and data integration via HL7 interface options. Our innovations go beyond mere features and gimmicks to provide sound, total lab solutions - no matter what your area of focus.

Contact Compumedics today and get to know Innovations from Compumedics.

## over 2 VEARS of SLEEP DIAGNOSTICS

EXCELLENCE

1987 - 2007

# INSIDE

- Build your ideal EEG Lab -It's easy with Compumedics
   NEW Neuvo -HD EEG
   O
- NEW Updated Siesta802-Advanced Wireless (3) Technology
- Compumedics Neuroscan -Innovations in Research

(4)

(4)

• Compumedics DWL -Innovations in TCD

#### Neuvo HD EEG

- High Channel Count, high Sampling rates
   True DC Coupling
- Research Grade Capabilities in your clinical or EMU environment

**Updated Siesta802** Advanced Wireless Technology in EEG Data Recording. ... Just got even better!

# **Building your EEG lab is as easy as...**

# Let us show you how.

No matter what your needs are for an EEG or sleep lab, Compumedics has everything you require to build a great facility. Compumedics has the hardware and software solutions you can rely on to run your lab efficiently, effectively and reliably. In addition, Computedics through our Neuroscan division can reliably meet all your EEG research needs.

### 1. Choose your hardware... 2. Choose your software...

**Neuvo EEG High-Definition EEG/LTM Amplifier** 

Siesta (★) **Revolutionary PSG & EEG Diagnostics** for a Wireless World

Safiro (\*) **Diagnostic Excellence** in Ambulatory PSG & EEG

E-Series (★) Comprehensive, Network-linked Amplifier System for PSG & EEG

# EEG

#### **NEW** - ProFusion EEG 4 World Class Acquisition, Review & Analysis Software for EEG. NOW fully supported in CURRY Source reconstruction analysis software.

#### ProFusion PSG (\*) World Class Acquisition, Review & Analysis Software for PSG

#### **ProFusion neXus Lab** Management System (\*) Complete laboratory management system for total patient data & laboratory control

#### Digital video (\*) Superior capabilities with full 720 x 486 resolution at 30 frames per second, MPEG 4 compression.

### 3. Add some options...

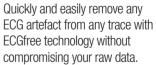

#### **CURRY**

Plus

World renowned, Gold Standard software in multi-modal neuroimaging and source reconstruction analysis.

#### ECGfree (★)

#### neXus Remote Access (\*)

Get easy web or network access to sleep studies from anywhere, with the confidence of full data security

# NEW EEG/LTM Innovations only from Computedics at the 2009 American Association of Neurology.

The Ultimate Long-term EEG Monitoring System

### **EEG/LTM** in High Definition

- High Definition 24-bit resolution
- High channel counts for depth and grid recordings
- True DC coupled inputs (DC to 3500Hz)
- Research grade for your clinical and LTM environments
- Convenient Bedside impedance checking
- Lightweight 64 Channel Jackbox for patient comfort
- Unprecedented sampling rates up to 10,000 Hz

#### Fully integrated digital monitoring system Control Box

Centralised system display and control unit allows connections for Strobe, Event Button, Camera, Microphone and other external devices.

#### Bedside control from touchscreen LCD Display

- Unique Integrated LCD Display and Control Panel
  Bedside patient information for
- centralised operation at your fingertips
- Convenient calibrations and impedance checking in the room

#### **Passive Headbox**

64-channel light-weight and
 compact patient worn passive jack box

#### Design derived from the SynAmps2 Clinical Amplifier

- Ultimate amplifier technology platform for brain research
- High speed amplifier sampling up to 10,000Hz all channels
- High channel counts up to 256 channels
- True DC amplifier (bandwidth DC to 3500Hz)
- No stimulus artifact
- Superior quality EEG with our "Active Noise Cancellation" technology
- · Grid and surface recordings
- 64 referential EEG inputs per amplifier
- 4 bi-polar inputs per amplifier
- Up to 4 amplifiers per system unit

Neuvo components also function perfectly with our SynAmps2 'Research' Amplifier (available for evaluation of high frequency and high sampling rates data up to 20,000Hz). Use with Neuvo software for ERP.

# **The updated Siesta802-** re-setting the benchmark, now more capable and powerful.

The World's first Wireless PSG/EEG system, the Compumedics **Siesta802** is again setting new benchmarks. The team at Compumedics has now enhanced the Siesta802 to be even more capable and powerful.

Compumedics has now armed the Siesta802 with the full complement of 802.11 standards a, b and g. This new development allows for the first time, the potential of the 5GHz band to be tapped for your benefit.

#### Enjoy these benefits with the updated Siesta802:

- higher transmission fidelity with less interference
- 5 times greater bandwidth capable up to 54Mbps allows more robust networking and sharing
- full channel complement for neurology applications and research at maximum sample rate
- improved range for increased versatility
- longer battery life with reduced power consumption

Compumedics has also included more user-friendly features including a programmable recording start time for convenience and increased study success.

Digital Video performance has been elevated with the updated Siesta802 enhanced video synchronisation.

The updated Siesta802- re-setting the benchmark, now more capable and powerful. Contact Compumedics today for more information !

# See us at AAN - Booth 415:

#### **Compumedics Innovations** in Research from Neuroscan Neuroscan

#### This year at AAN stop by to see the latest research Solutions from Neuroscan.

CURRY will be featured and we're happy to provide information on our NEW! MagLink RT, SYNAMPS RT and SynAmps Wireless devices. Visit us on the web at *Neuroscan.com* to see our new host of online support tools to help you get the most from the Neuroscan product line.

Stop by our booth to see the latest Doppler tools from Compumedics DWL. Whether you are searching for compact moble devices for in-office use or multi-channel OR monitoring or research systems, DWL has the right system for your specific application. Or visit **DWL.DE** for specifics on any of our systems.

## **ABOUT COMPUMEDICS**

Since 1987, Compumedics Limited has emerged as a world leader in the design, manufacture, and sales of diagnostic sleep, neurophysiology, research and transcranial Doppler systems. Compumedics' design expertise in the area of portable recorders and wireless data transmission is just one reason for our continued double digit growth in the USA year after year. Compumedics is improving people's lives through products, exceptional service and a full range of consumables and accessories brought to you by dedicated people who care.

# THE COMPUMEDICS DIVISIONS Defining Life's Signals

Compumedics' operations consist of five divisionseach with its own product focus
